Dear Greg

On behalf of all at the Building Designers Association of Victoria, please accept our sincerest thanks for your excellent presentation at our CPD seminar last evening at Sofitel Melbourne.

Your presentation on "Growing Your Business" was timely and relevant for our members, which was reflected in the strong turnout by our membership, with 210 members in attendance – a record number for our Continuing Professional Development events.

More importantly, your relaxed yet confident delivery style reflected your deep knowledge of the subject matter, and reinforced the messages about how our members can achieve the "Five Pillars of Business Success". You provided our members with valuable material for them to reflect on, and we have received very favourable feedback about the event, and your presentation.

We look forward to inviting you back to speak at some future time, Greg. In the meantime, thank you, again.

Regards
