Dear Dr Chapman,

CPA Congress VIC

On behalf of CPA Australia Ltd we would like to thank you for your contribution to CPA Congress 2009.

CPA Congress is our flagship event and is the premier accounting and business conference in the southern hemisphere. It is attended by members and non members alike, and is keenly anticipated by the business community each year.

CPA Congress 2009 was a great success, and the depth and quality of the speakers plays a large role in that success.

We appreciate the time you invested in preparing for this event and sincerely thank you for your efforts.

As part of our evaluation process we have received some very positive and encouraging feedback from participants.

Below are just a few of the comments from delegates regarding the event overall. This information has been extracted from the online survey completed by the delegates.

- I enjoyed all sessions I attended
- I enjoyed the concurrent sessions format as it allowed me to attend more sessions in a short-sharp focus. This kept the enjoyment factor going through variety. Also gives you an insight on a topic that you can then decide to do more in-depth training down the track.
- It was short, sharp and fun. The audience involvement was amazing.
- Presentation of new ideas and learning new things.
- Presents great opportunity to expand your knowledgebase and interact with other CPA's in diverse industries
- The opportunity to broaden my knowledge and change my ways of thinking
- Opportunity to hear more about topics of interest and network with colleagues
